

With the recent reckoning the world is experiencing due to racial injustices, the Hearst Luxury and Design Group, through the broader #DesignUnites initiative, is supporting the Black design community by hosting a charitable auction to benefit the [Black Artists + Designers Guild](#), a nonprofit organization that aims to amplify the art, projects, and voices of Black creators and makers.

You have the opportunity to give back while you bid to win a resort stay or gorgeous chair. The lot includes a mix of beautiful furniture, chic accessories, and one-of-a-kind experiences. All funds raised through the CharityBuzz auction will go toward the guild's initiatives, including Mission Fund, education, and the BADG Concept House.

Here is the list of all items being auctioned, and visit the CharityBuzz site to start your bidding [here](#).
