Sometimes the best way to say thank you to a Southern mother (other than a heartfelt note) is to give her something as beautifully designed as it is thoughtful. It doesn't have to be big, it doesn't have to be flashy, but an object that adds beauty to everyday life is a fitting sentiment for a person who likely contributed beauty to *your* everyday life growing up. Scroll down to shop everything from fresh flowers and handcrafted glassware to simple surcees like bud vases.
