NEAR & FAR: INTERIORS I LOVE BY LISA FINE

**Preface:** Divided into three sections, Flowers, Collectors & Faraway Places, these interiors reflect the distinct personalities of their owners. Readers will relish in Fine's many rules of decorating such as, "Don't be afraid of prints and pattern," and "Imperfections make a room interesting."

**In her words:** This book is a collection of everything I love, from exotica to color. Working with photographer Miguel Flores Vianna was a dream. **Her aesthetic:** A deep appreciation for classic, old-fashioned decorating.

**Guilty pleasure:** White starched linen sheets.
